

The Selangor Bar Committee had a meeting with YDH Ketua Polis Selangor, CP Dato' Hussein Bin Omar Khan at Tingkat 6, Menara 1, Ibu Pejabat Polis Kontijen (IPK) Negeri Selangor.

The Selangor Bar had a discussion addressing and resolving the following issues:

Issue 1	Delay in issuance of "Keputusan Siasatan Kes" by Investigating Officer in charge for personal injury cases (Road traffic matter).
Decision/Clarification	Dato' CPO agreed that sometime there are some shortcomings on the part of Investigating Officers handling the investigations. In the event that the problem still persists an official complaint can be lodged with the respective OCPD.
Issue 2	When an accused person is found not guilty and released but their names are not removed from the Registration of Criminals list.
Decision/Clarification	Dato' CPO has taken note of the issue. Dato' CPO agreed that if the individual is not found guilty, the name should be removed. He also suggested that lawyers can also write in to the Registrar of Criminals in Bukit Aman to remove their clients name from the records.
Issue 3	Tracking a detainee in Chain-arrest.
Decision/Clarification	Dato' CPO informed that should a suspect be re-arrested by a different Investigating Team of another district, the new Investigating Officer should inform the family or the lawyers on record.

Thank you.
